President's Report August 2011

What a great day was had by all on Brick and Humpy run and it was such a sight to see the amount of cars and members that turned out. Unfortunately the trophy stays with the Mimi club, but next year revenge shall be sweet. With the more people that go on these runs it makes for a good display for club as well as an enjoyable day out.

At last we are drawing near to the completion and the ability to move into our own room within the Rocklea Showground precinct. Once the area is complete all our own items and trophies will be able to be kept and stored as well as being able to fit the room out to suit our club needs.

Not long now to the GM Roundup so all hands on deck. Dudley and John have been doing an excellent job with the assistance of committee members to get everything ready to go, we need members to do their utmost to help out on the day.
