

## **21<sup>st</sup> FX-FJ HOLDEN NATIONALS**

### **MOUNT PANORAMA BATHURST 2012**

#### **1ST NEWS LETTER**

Hi, everybody

For those of you who attended the Shepparton national event in 2010, we hope that you enjoyed yourselves and had a safe and trouble free journey home.

We have commenced organising you yet another eventful nationals at Bathurst in 2012.

We look forward to your support again, and have enclosed a preliminary itinerary, and will keep you informed as we progress. Entry forms will follow shortly, as we are working out our costs to organise the event and to set an entry fee. I have been researching all previous nationals from day one to get a guide of fees. We all need to realise that the costs of running this and future nationals will increase, but we will endeavour to keep our entry fee and running costs to a minimum, and increase the excitement!.

We feel that Bathurst has a lot of significance with our cars, after all, I think this is where the V8 supercars commenced, and the rivalry, between Holden and Ford, as you will experience.

Mt Panorama is a world renowned racing circuit, and is our motor racing capital of Australia.

So we look forward to seeing you there in 2012 to share in the excitement.

We would like to take this opportunity to thank the Shepparton committee for their generous hand over cheque for \$12,000 to go towards the running of our next nationals at Bathurst, well done!

Brian Hodges

National Director
